

Stallion Service Auction 2023

Execution of the Auction and After-Sale

Only ApHC members of European local association member of the EAF are allowed to participate to the auction, bid on a breeding or purchase a breeding service in the after-sale.

Breeding services can only be purchased for ApHC-approved breedings. If the mare is a progeny of the stallion IMPRESSIVE a negative HYPP-test must be available. By purchasing the breeding service, the mare owner obligates himself to present the mare's Certificate of Registration as well as the results of a genetic test (if available) to the stallion owner.

Stallions that have been paid-in on time will be presented on the EAF website. Usually the auction will take place during the European Appaloosa Championship. The name of the stallion and the nomination fee will be announced.

The auction begins with a silent auction. Mare owners have to fill in a bidding form. The minimum bidding price is 50 % of the nomination fee plus 50 €. The bidding will be executed in at least 50 € steps.

Written biddings will only be accepted until two hours – or five hours in case of online bidding - before the live auction starts and the order of the stallions in the live auction will be set up at this point.

During the live auction all stallions will be auctioned live. The order will be set by the highest bidding among the biddings handed in during the silent auction. In the first instance all stallions that have been bided on will be auctioned separately. After that, stallions that have not been bided on will be auctioned in alphabetical order. The bidder with the highest bid receives the award.

By giving the highest bid the buyer obligates himself to pay the buying fee after invoicing and to adhere to the breeding regulations of the stallion owner. By giving his bid, the buyer agrees to a contract with the stallion owner.

Breeding services of stallions that have been paid-in late before the 30th of March of the breeding year will be offered for auction on the EAF website. Lowest bid must be 50 % of the nomination fee plus 50€. Bidding must be in 50€ steps at least. The end of the auction (at least 14 days after publication) will be published on the EAF website. Not auctioned breeding services will be offered for late-purchase as described in § 6 (8) of the EAF regulations.

Not auctioned breeding services will be offered for late-purchase until the 30th of April of the breeding year. Late purchase fee is 50 % of the nomination fee plus 100 € late purchase fee. Apart from that, the conditions are the same as with an auctioned breeding.

The EAF only operates as an intermediary for the breeding contract and is not responsible for the correctness of the information given by the stallion owner. Therefore only the individual agreements - also regarding the costs - that arise from the breeding requirements and the breeding contract of the respective stallion are valid.

The EAF will not take responsibility for or guarantee the correct execution of the breeding or the quality of the semen.

The EAF will not acknowledge any claims of damage or pecuniary loss from the stallion or the mare owner.

Facebook or Website	Facebook	5 panel results	N/N - Imm N/N
Main Disciplines	Western/All Around	Breeding conditions	Frozen semen (4 doses of 4 straws) - Life Foal guarantee (rebreeding the following year)
Stallion Owner Information	Marie Bentley Bentley_marie@hotmail.com	Rue Grande 19, 6927 Tellin Belgium	

About the Horse: Chocolaty By Charly (aka Baxter) is a young promising stud. In 2021, during his first show year, is won many European titles, earned more than 50 points and was awarded his first ROM in Junior WP. For his first year of show, he was also top 4 in 3 world standing rankings : Junior WP, Junior HUS, and 3years old Halter stallion. Strongly built, Baxter is a real all-around horse. He excels in WP, HUS and is really competitive in performance halter. In 2022 he was started with easiness in trail and western riding.
